

DHAESHA MYERS

Cloud Support Technician · IT Support Specialist · M365 & Identity Admin

Washington, DC | (202) 860-1957 | dhaesha3000@gmail.com | [linkedin.com/in/dhaesha-myers](https://www.linkedin.com/in/dhaesha-myers)

◆ PROFILE

IT Support professional with 5+ years of technical support in high-volume, multi-client environments, including federal agencies and financial firms. Expert in Microsoft 365 administration, Active Directory, identity & access management, and enterprise ticketing systems. Proven track record triaging complex issues, managing SLAs, mentoring junior staff, and maintaining strict security protocols. CompTIA Sec+ certified. Seeking to leverage deep troubleshooting expertise and customer service excellence in a Cloud Support role.

◆ CORE COMPETENCIES

- ▶ Microsoft 365 Admin (Exchange, Teams, SharePoint)
- ▶ Azure AD / Entra ID & Conditional Access
- ▶ MFA, Password Resets & License Management
- ▶ Active Directory & Group Policy
- ▶ Intune & Mobile Device Management
- ▶ ServiceNow · ConnectWise · Remedy · Salesforce
- ▶ Ticket Triage, SLA Management & Escalation
- ▶ Windows OS, VPN, Citrix & Network Troubleshooting
- ▶ Knowledge Base Documentation & QA Review
- ▶ Cross-Training & Mentorship of L1/L2 Staff

◆ PROFESSIONAL EXPERIENCE

Help Desk Technician · U.S. Patent & Trademark Office (USPTO) | 2016 – 2018

Alexandria, VA

- › Administered Active Directory for 17,000+ users: account provisioning, password resets, MFA setup, group policy enforcement, and access audits
- › Triageed and resolved tickets via Remedy (BMC) for Windows, VPN, proprietary software, and hardware; maintained SLA compliance and thorough documentation
- › Supported remote and on-site federal staff with mission-critical systems; adhered to strict confidentiality and security protocols

Help Desk Technician · IC-MARC (Financial Services) | 2018 – 2019

Washington, DC

- › Managed incident lifecycle in ServiceNow across Citrix VM, Oracle, ZenWorks, and Salesforce in a fast-paced, deadline-driven finance environment
- › Prioritized concurrent tickets under strict SLAs; collaborated with cross-functional teams to escalate infrastructure issues and reduce MTTR

Tech Support Specialist · U.S. Department of Veterans Affairs | 2021

Remote

- › Provided Tier 1/2 support to veterans across multiple apps and devices; resolved authentication failures, configured MFA, and reset credentials
- › Documented all interactions in agency ticketing system for compliance; translated complex technical steps into clear guidance for non-technical users

Deskside Support Intern · Howard University | 2021 – 2022

Washington, DC

- › Configured user access across Active Directory, Group Policy, and Cisco infrastructure; provided deskside support for Windows, macOS, iOS, and Android
- › Authored internal knowledge base articles and SOP documentation to improve team consistency and reduce repeat escalations

Front-End Developer · DeFi Ours | 2022

Remote

- › Built responsive web apps with Next.js and deployed to Vercel cloud platform; used GitHub for version control and AI-assisted troubleshooting tools

◆ TECHNICAL PROJECTS

[DhaeDream Portfolio](#) · React, JavaScript, Vercel — Independent portfolio of front-end projects demonstrating modern deployment pipelines and cloud-based CI/CD workflows.

◆ EDUCATION & CERTIFICATIONS

Pikesville High School · Pikesville, MD

Certifications: CompTIA A+ (2017–2023) | CompTIA Sec+ (2026–2029) | AZ-900 Microsoft Azure Fundamentals (In Progress) | AWS Certified Cloud Practitioner (In Progress)
